Full Implementation of the Iowa Core

Full implementation is accomplished when the school or district is able to provide evidence that an ongoing process is in place to ensure that each and every student is learning the Essential Concepts and Skill Sets of the Iowa Core. A school that has fully implemented the Iowa Core is engaged in an ongoing process of data gathering and analysis, decision making, identifying actions, and assessing impact around alignment and professional development focused on content, instruction, and assessment. The school is fully engaged in a continuous improvement process that specifically targets improved student learning and performance.
